

Dear Sir,
Dear Madam,

On **September 29, 2009** Flanders Investment & Trade (FIT) will organize for the second time a **Regional Export Day** in Singapore.

As you probably know, FIT is the government organization in Flanders (Belgium) that is responsible for the promotion of international trade and the promotion of inward investment (see also www.flandersinvestmentandtrade.com). To execute its task, FIT builds upon a network of trade counsellors in the most important commercial centres worldwide.

FIT is well aware of the fact that most companies located in Singapore work on a regional base. This is the case with many of the Flemish companies that have their regional headquarters or sales offices here. Equally, many well known Singaporean companies are importing Flemish products, often distributing them into some of the neighbouring countries as well. Because of this regional function of Singapore, FIT decided to invite six of its trade counsellors in the region to come to Singapore, in order to give your company **the unique opportunity to meet** with them on an individual base.

The following people will be present :

- Nathalie Surmont – Sydney (covering Australia & New Zealand)
- Tom Vermeulen – Mumbai (but representing all of the FIT network in India at this occasion)
- Daniel de Waegh – Bangkok (covering Thailand & Cambodia)
- Dang Thu Van – Hanoi (covering Vietnam & Laos)
- Dominique Vanderhaeghen – Jakarta (covering Indonesia & Malaysia)
- Kris Put – Shanghai (but representing all of the FIT network in China at this occasion)

This Flanders Investment & Trade regional export day will take place on Tuesday, 29 September 2009 in the Fullerton Hotel

Do you have some questions on import tariffs and regulations, market potential, current economic situation in one or more of these countries ? Or are you interested to approach one or more of these markets but do not have any business contacts yet ? Or maybe you are experiencing a problem in one of these countries ? Or you're just interested to expand your network or want to update the trade counsellors on your activities in a certain country ?

We give you the opportunity to have an individual meeting with one or more of the trade counsellors, **free of charge**, to discuss this more in detail.

Interested to join? Please reply by e-mail to:

singapore@fitagency.com

Attn. Peter Christiaen, Trade & Investment Counsellor

Upon your reply, you will receive more detailed information on the event and a detailed questionnaire on who you want to meet with & which questions you would like to ask.

Trusting that this event can be interesting as well to your company, I'm looking forward to your reply.

Warm regards,

Peter Christiaen
Trade and Investment Counsellor
